# IRCAM FORUM WORKSHOPS PARIS 2021

MARCH 17-19

---

JOIN THE SOUND AND MUSIC COMMUNITY!  
EXPLORE, CREATE, SHARE.

# WHAT IS THE IRCAM FORUM?

---

## **IRCAM Extended Community**

Artists, researchers, engineers, sound designers, teachers and representatives of the sound and music industry.

## **Events**

An annual Parisian event and an annual abroad event: three days of conferences, alongside concerts and hands-on workshops on innovative technologies for music and sound.

## **Collaborative platform**

Exchange of information, skills, developments, applications, projects, and expertise on composition, sound processing, real-time interaction, etc.

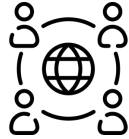

## **Values**

- Encourage the creation of new art/science communities
- Foster exchanges among scientists and researchers, artists, and industry leaders
- Share and experiment with new practices of sound and music technologies

# WHY BECOME A SPONSOR?

---

**Become a partner with one of the world's most prestigious institute for multidisciplinary research and creation.** You share values with this unique venue where artists and scientists, technologies, and imaginary worlds interact. Partners benefit from the energy created by visionary projects.

Become a partner of IRCAM Forum Workshops is an excellent way **to increase you company's exposure** to both the general public and professionals in the music and sound industry with a presence throughout our 3-day event.

As a partner, you will have the opportunity to **meet end users, carry out product testing, take part in and organize workshops**, hold panel discussion with their own partners. Partners also have access to IRCAM's R&D teams and a private behind-the scenes tour of IRCAM.

**For sponsoring opportunities, please contact us. We will work together to imagine a tailor-made project that suits your needs.**
